REPORT OF AUDITOR OF STATE.

STATE OF IOWA,
OFFICE OF AUDITOR OF STATE,
DES MOINES, Oct. 12, 1887.

To his Excellency, WILLIAM LARRABEE, Governor of the State of Iowa:

SIR—I have the honor to present herewith a report of the financial affairs of the State, for the biennial fiscal period beginning July 1, 1885, and ending June 30, 1887, as provided by law.

I deem it unnecessary to take up space to explain at length the different statements, as they are self explanatory and easily understood. I would call attention, however, to a few points for consideration by the Twenty-second General Assembly.

Bond No. 2, issued by the State to the permanent school fund, for \$112,202.26, under chapter 80, laws of 1866, becomes due January 1, 1888, and it will be necessary for the next General Assembly to make some provisions for its payment or renewal.

In statement No. 9, I have estimated the receipts of revenue from the State levy of two and one-half mills for 1887, and two mills for 1888, and the other receipts upon the remaining probable available resources of the State. In this connection, permit me to say that if the county supervisors required property to be assessed at its cash value, or somewhere near it, the State levy might, and should be reduced; but until they do, it will be necessary to continue the extra one-half mill levy. I am sorry to add, however, that the tendency seems to be to decrease, rather than to increase, the assessment.

Under the present system of assessing property, the State of Iowa suffers in comparison with other States, both as to valuation of property and rate of taxation; and at the same time the taxpayer is not benefited, as an increase in assessment would result in a corresponding decrease in rate of taxation.

ERRATA.

On page 9, "Auditor of State's salary" includes salaries paid acting Auditors Cattell and Beardsley.

On page 11, "Secretary of State's clerks' fund" includes \$2,400.00 salary paid Land Office clerk.

On page 47, "From fees of Auditor of State," read \$52,000.00 instead of \$60,000.00 and add \$25,000 00, estimated telegraph company taxes omitted, making total estimated receipts \$3,017,583.00 instead of \$3,000,583.00.

On page 81, "Marion county, total value of mules," read "\$20,386 00."

On page 83, "1868, No. of mules," read "23,241" instead of "31,241."

On page 83, "1870, total value for each year," read "\$34,745,366.00" instead of "\$34,735,366.00."

ERRATA No. 2.

On page 47, "Estimated Receipts," the item of \$25,000 Telegraph Tax, referred to in Errata No. 1, is included in the footing, but was omitted in the body of the table. The total of Table No. 9 should now be \$2,992,583, instead of \$3,017,583.

On page 48, "Executive Council Fund" should read \$4,000, instead of \$40,000. The footing of Table No. 10 is correct.

There has also been, seemingly, a lack of effort on the part of some county treasurers, in the collection of delinquent taxes, as the records in this office show that from 1877 to 1886, inclusive, there was declared as unavailable by a portion of the counties, State tax to the amount of \$200,472.91, besides enough delinquent State tax in the remaining counties still on the books, to increase the loss of revenue thirty per cent more, or about \$260,000 in round numbers.

I am of the opinion that the Twenty-second General Assembly should take some steps to remedy this evil, either by increasing the per cent allowed for the collection of delinquent taxes and thus create more of an incentive for the collection thereof, or make the counties responsible for the entire amount of the State levy, and payable into the State treasury, quarterly.

In statement No. 10, I have estimated the expenditures for the next fiscal term, upon the actual necessities of the State; based upon the expenditures of the fiscal term just ended, and the natural increase of expenses incident to the probable growth of business. In this connection I desire to call your attention to the increase of business in my office, especially in the insurance branch thereof, necessitating an increase in the appropriation for clerks' fund. I have estimated it at \$12,000 for the next two years. I deem this amount absolutely necessary, and trust that the Twenty-second General Assembly will make the appropriation. The amount heretofore appropriated for this purpose has not been sufficient for some time, and the Auditor has had to rely upon the Executive Council for the necessary allowance. The same is also true, in this respect, of the offices of Secretary of State and Superintendent of Public Instruction.

BANKS.

Touching these institutions, I heartily endorse and urge the recommendations made by my predecessor. The law authorizes the Auditor to make, or cause to be made, an examination of any banking association in the State, whenever he may see proper. It being impossible for the Auditor to give his personal attention to this business, it becomes necessary for him to depute some one to make the examinations, and the law being silent as to the compensation for such services, it is highly desirable that the Legislature fix the fee for examination. A fee graduated according to the capital, with the minimum fixed at twenty dollars, would, in my opinion, be equitable.

Chapter 185, section 5, laws of 1884, requires the Inspector of Oils to report biennially to the Auditor of State. As every other officer and institution reports to the Governor, I see no reason for an exception in this case, and would suggest that this section be changed in that respect.

Section 1158 of the Code requires that the Auditor shall compile and publish a report of the business of the insurance companies doing business in the State, each year, on or before the first day of May. It has been the custom to address this report to the Legislature, yet the law does not designate to whom the report shall be made. As all other reports are by law made to the Governor, I would recommend that section 1158 be so amended as to require the Insurance Report to be made to him, as there is no session of the Legislature in the odd year to make said report to.

In conclusion, I beg leave to acknowledge the uniform courtesy which you and the other State officers have extended to me, and to testify to the ability and fidelity with which the clerks in this department have discharged their arduous duties.

Very respectfully,

J. A. LYONS,
Auditor of State.
